TO NEXT TUESDAY LICENSES MUST GO

Aldermen Will Not Usurp Prerogative of Councilmen

Latter Will Be Allowed to Finish What They Started At Meeting of Monday.

UPPER BOARD HOLDS SPECIAL.

The board of aldermen did not allow all saloon licenses last night due to the holding up of 16 licenses by the lower board. The aldermen could not see the necessity of acting on those held up by the lower board until the latter had taken final action, and postponed action on these particular applications until Tuesday night when the board will meet in adjourned session. Those licenses held up are James Bulger, J. M. Rickman, Bud Quarles, Oscar Denker, Theodore Peters, Mitchell & McDermott, Paducah Distilleries company, Thomas Lindsay, Hugh Boyle, Chas. Schrader, L. T. Clark, George Andrecht, L. Hite, Nichols & De Boe, and William Estes.

In taking up those applications against which no remonstrance was filed, the board held up the license of J. W. Dicke, Dicke & Hurt was the firm name and the latter used vulgar advertising. He sold out, but the aldermen want a sworn statement to this effect before they will grant Dicke a renewal.

The board then allowed all licenses not protested against.

All members were present. The city clerk being ill, License Inspector George Lehnhard acted as substitute.

Mayor Yeiser reported that he had revoked the liquor license of J. D. Overstreet for selling liquor on Sunday.

Mayor Yeiser reported a contract with the Paducah Light and Power company for the purchase of gas franchises. The report was filed.

A petition from the Anheuser-Busch Brewing association, asking relief from overassessment on property on Boyd street between Sixth and Seventh streets, was referred to the board of tax-book supervisors.

The treasurer's report compiled by the auditor, for June was received and filed. It showed a balance of \$112,293.75 July 1.

The finance committee's report, showing a total of \$39,737.34 for bills, salaries, etc., was received and filed. This included the school apportionment, sinking fund debt and bond interest.

The following ordinances were acted on:

Ordinance creating the office of "engineer of the fire department," second reading. The salary is fixed at \$75 per month.

Ordinance for side-walks, curb and gutters on South Fourth street from Norton street to Husbands street. First reading.

Ordinance for side-walks on Washington street from Second street to Third street. Second reading.

Ordinance for reconstructing First street, by paving, from Washington street to Broadway. Second reading.

Ordinance for grading and graveling Hayes avenue from Sowell street to Bridge street. Second reading.

Ordinance for grading and graveling Sowell street from Ashbrook street to Hayes avenue. Second reading.

Ordinance for grading and graveling Sowell street from Hayes to Ashcraft avenue. Second reading.

Ordinance for paving Washington street from First street to Third street. Special provisions are made for no side-walks from Second street to First street, where wholesale stores are located. Alderman Palmer thought it not legal, and thought complications might arise. The solicitor stated if the property owners agreed to this procedure, that no trouble would result. This was brought about, and the committee ordered the ordinance drafted. This ordinance has been "blocked" several times because of this matter.

Mayor Yeiser spoke against the passage of the ordinance. After some little discussion generally action was deferred until a special meeting.

Height of Awnings.

Ordinance regulating the height of awnings for fuel, etc., in the city, making a minimum of eight feet. First passage. The rule was suspended and the ordinance given second passage.

Ordinance prescribing methods of contracting for fuel, forage and supplies for the city. Ordinance lost. The board did not desire to place the matter of advertising for fuel, etc., in the hands of the city weigher, as provided in the ordinance.

Resolution to draft an ordinance for the immediate construction of the No. 2 sewer district. First passage. The rule was suspended and second passage given.

The matter of securing right of way over Seventeenth street from Broadway to the Mayfield road was referred to the street committee.

Alderman Hubbard offered a resolution to postpone action on saloon licenses which have not been acted on by the lower board, until Tuesday night. The council will meet to-night to act on the deferred licenses, and to facilitate the work the alderman desired to take this action. The resolution was adopted. There was a large crowd of saloon men present, and equally as large number of anti-saloon men, ministers and women being in evidence.

A petition to build side-walks on Farley and Meyers streets was received and filed.

A petition to extend Twenty-second and Twenty-third streets from the Hinkleville road through Glenwood addition was referred to the street committee.

The street committee recommended to bridge Cross creek and to make a short fill necessary to make an outlet from Mechanicsburg to the Illinois Central depot. Several rights

of way have to be secured before the work can be started. The joint street committee and city engineer were instructed to secure the necessary right of way. No action was taken towards ordering the improvement.

Alderman Palmer, of the light and water committee, reported progress in the matter of remodeling the city lighting plant. Representatives from electrical firms will be here Monday to offer bids for machinery.

The report of Chief of Police Jas. Collins for June was filed.

Alderman Miller suggested that the Paducah Light and Power company take Seventeenth street as a route to the Mayfield road from Broadway instead of Nineteenth street. No action was taken.

Too Much Water in Milk.

A report from the milk and meat inspector giving tests on milk, showing that a great deal of "watering" is being perpetrated by dairymen was read. One had 2 per cent "butter fat" and 91 per cent of water. Alderman Palmer thought that something should be done with several dairymen, after the revelation in the report. The report stated that the presence of water was due to variation and it was the opinion of the inspector, Dr. Ed Farley, that no diluting had been resorted to. The report was received and filed. The report brought on a great deal of discussion. An ordinance is in effect regulating the per cent of butter fat, water, etc. No further action was taken, however.

Several deeds and transfers of lots in Oak Grove were ratified. The finance committee recommended the acceptance of \$1,000 for taxes on a 100 acre property from W. C. O'Leary. The recommendation was favorably acted on. Three hundred dollars will be paid cash, the remainder on time.

The matter of relieving the Hinkleville Light and Power company from taxation for its own property was favorably acted on. The company pays taxes in Chicago.

Mayor Yeiser was instructed to advertise one gravel pit for sale, the city reserving the right to reject all bids.

Alderman Bell urged immediate action towards opening Tenth street from Broadway to Kentucky avenue. Mike Isenman again asked permission to add a second story to his frame residence inside the fire limits at Fourth and Washington streets. The board refused to grant permission.

An ordinance entitled "An Ordinance repealing the license of hucksters, in the City of Paducah, Kentucky."

Be it ordained by the General Council of the City of Paducah, Kentucky.

Whereas, On January 16th, 1906, an Ordinance fixing and regulating the license of various lines of business, callings, vocations and professions in the City of Paducah, Kentucky, was passed by the Board of Councilmen, and adopted by the Board of Aldermen on January 19th, 1906, and said Ordinance was approved on January 20th, 1906, by O. B. Starks, mayor pro tem, in which Section 87 of said Ordinance is as follows:

"Hucksters or Hawkers:—Every person, firm or company or corporation engaged in the business of huckstering or hawking in this City shall pay an annual license of Twenty-five (\$25.00) Dollars, or Three Dollars (\$3.00) per day. Every person, firm, company or corporation selling or offering for sale, and delivering vegetables, fruits and produce within said City where not sold by sample, other than at their established places of business, shall be deemed a huckster under this Ordinance. Hucksters shall not be permitted to sell meats. Farmers selling or disposing of produce of their own raising shall not be liable under this Ordinance."

Section 1. That this Section is hereby repealed absolutely and all ordinances licensing Hucksters in the City of Paducah are hereby repealed absolutely.

Section 2. That this Ordinance shall take effect from and after its passage and approval.

Attest:

HENRY BAILEY, City Clerk:

Approved: GEO. O. M'BROOM,

President Board of Councilmen.

Approved: O. B. STARKS,

President Board of Aldermen.

Approved July 5, 1906.

D. A. YEISER, Mayor.

A Modern Miracle.

"Truly miraculous seemed the recovery of Mrs. Mollie Holt, of this place," writes J. O. R. Hooper, Woodford, Tenn., "she was so wasted by coughing up puss from her lungs. Doctors declared her end so near that her family had watched by her bedside forty-eight hours; when, at my urgent request Dr. King's New Discovery was given her, with the astonishing result that improvement began, and continued until she finally completely recovered, and is a healthy woman today." Guaranteed cure for coughs and colds. 50c and \$1.00 at McPherson's drug store. Trial bottle free.

WATER NOTICE.

Patrons of the Water company are reminded that their rents expired June 30, and those who desire to renew them should do so before it is forgotten. All premises not paid for on or before July 10, will be discontinued, and the cost of shutting off and turning on water will be \$1.00.

May Live 100 Years.

The chances for living a full century are excellent in the case of Miss Jennie Duncan, of Haynesville, Me., now 70 years old. She writes: "Eletric Bitters cured me of Chronic Dyspepsia of 20 years standing, and made me feel as well and strong as a young girl." Electric Bitters cure Stomach and Liver diseases, Blood disorders, General Debility and bodily weakness. Sold on a guarantee at McPherson's drug store. Price only 50c.

HOW IT IS DONE

The trade mark illustrated above—the miniature capitol which can now be seen in the windows of more than 2,000 drug stores—is an emblem of tremendous importance to smokers.

It means better cigars, in better condition and for less money. It means that 2,000 druggists, who as individuals were obliged to buy their cigars from the jobber a few boxes at a time, have now, by combining their buying power, become a National organization which constitutes the greatest cigar outlet on earth.

It has its own brands and its own factories; it controls absolutely the character and condition of every cigar it handles.

Its members own and control their own cigar business as heretofore—all the revolution has been wrought by the simple expedient of buying together instead of separately.

Go to any drug store that has the National's emblem in its window and ask for a

BLACK AND WHITE

Cigar (Perfecto or Bouquet size) 5 cents

and a good 3 for a quarter value! It will say more for the National Cigar Stands in a single whiff than we can say in this whole advertisement, and that is only one brand out of 30 which will testify to the same effect. Half the cost of the average cigar is added between the factory and the retailer. Here are a few brands owned and produced by this organization on which that unnecessary cost has been cut out:—

Cuba-Roma—Clear Havana; 5 for 25c. value 5c La Idealia—Clear Havana; best ever sold at the prices 3 for 25c and up
Adad—A first-class domestic cigar, presenting superior workmanship 7 for 25c Sergeant Chub—Best short smoke ever sold 10 for 15c
Stirling Castle—Fine, clear Havana cigar, 10c quality 6c College Days—High grade Domestic 6 for 25c

There are six National Cigar Stands in Paducah at the following addresses and only at these stands can National Cigars be obtained.
